## P.T.A. CONVENTION AT JACKSON PROVES MOST INTERESTING IN HISTORY

Mrs. C. C. McDonald Presides at Meetings—Local Chapter Especially Honored at Banquet—Mrs. I. A. Rosenbaum New State President.

Those attending the State convention of the Mississippi Congress of Parents and Teachers held in Jackson on October 3-4, pronounce it one of the most interesting and instructive ever attended.

Mrs. C. C. McDonald, our own townswoman and state president presided at the meetings in her usual capable, gracious, manner. Mrs. McDonald ended her two year term of office at this convention despite many protests from members of the organization. In appreciation of her untiring efforts in behalf of the Parent-Teachers associations, the Hancock and Harrison county P. T. A's presented Mrs. McDonald with a life membership in the state association. The state organization presented her with memorial in the Nora May Cook Endowment Fund.

Mrs. I. A. Rosenbaum of Meridian, former vice-president, succeeds Mrs. McDonald as president of the association.

Mrs. Rosenbaum is known to many in the state as an indefatigable worker.

Mrs. B. F. Langworthy, national president proved a charming personality with her facetious wit and thorough insight into P. T. A. work.

At the panel discussions and other meetings of the convention such well known personalities as Supt. W. F. Bond, Prof. H. M. Day, Dr. Frank Jenkins, Prof. Frank Brown, Mr. Sam Dalton, Mr. Jack Sullivan and Mr. W. Jacobs, participated.

Bay Central P. T. A. one of 72 associations reaching their quota of membership by Sept. 28th, was especially honored at the banquet on Thursday night.

Bay Central also received a scroll of honor for having subscribed for its quota of P. T. A. magazines.

Not enough can be said for the gracious reception accorded the visiting delegates by the Jackson P. T. A's. They exerted very effort to make the convention the great success it was. Among the most pleasing memories of the convention were the exquisite flowers to be found everywhere in the convention halls and assembly rooms.

## STANISLAUS STUDENTS—CONVENT GIRLS HOLD SOCIAL AT COLLEGE

### New Boys Meet the Convent Girls in Preparation for Hallowe'en Ball

Wednesday afternoon, in the College gym, an informal social and "get together" was held under the sponsorship of the Mothers' Club. There are quite a number of newcomers among the student body of the college. When the question of voting for the "Harvest Queen" was broached, they objected on the count that they did not know any of the town girls. It was to offset this difficulty that the social was held.

Miss Mary Wingenter prepared a delightful punch and this was served with cake. The affair was a success, and besides the new friendships formed, all had a pleasant evening.

Mesdames Ed. Carrere, Elliott, Glover, Pepperdene and Miss Markey served, and acted as chaperones for the occasion.

### Hiram's Birthday Party at Convent Gym, Nov. 14

Are you going to attend it? Hiram expects you and is preparing to entertain you and show you a good time.

He wants the young and the old to come out and have a gay old time. He is going to hold the party in St. Joseph's Academy Gym on November 14th, and he says, "There will be a rip roaring time in these parts when I celebrate my birthday, and Miranda is powerfully interested." Folks don't miss this—it's going to be a real old-fashioned shindig. The proceeds from Hiram's Birthday is for the construction of the Tennis Court at St. Joseph's Academy—let's get together and make it a big success.

### MISSIONARY SOCIETY TO MEET

Missionary Society will meet at The Answer Tuesday afternoon at 3 o'clock with Mrs. Bourgeois and Mrs. Cagle as co-hostesses.

## INSTALLATION OF WIDE RANGE SHOWS FAITH IN FUTURE

New Sound Equipment to Be Feature of A. & G. Theatre.

One hundred and eighty-seven pieces of crated equipment weighing 2,100 pounds is to be deposited in the rear of the A. & G. Theater represents Manager Ames' faith in the future. It comprises the new Western Electric Wide Range Sound System that will be installed in the theatre by October 17th.

"My judgment in making this considerable investment in the most modern sound equipment that science has developed recently and in giving our patrons the best sound quality available is based upon my faith in the future," Miss Ames declared. "I am confident that business conditions are going to continue to improve and that the outlay we have incurred will return to us in the added money people will be able to spend for worth while entertainment."

"As to the quality of the new sound equipment, I should prefer to have patrons hear it for themselves. I can only say that it will surpass anything talking pictures have perviously known that comparison is impossible."

This new feature will be the first installed on the Mississippi Coast.

## STANISLAUS RIDES OVER STRONG TEAM FROM ST. ALOYSIUS

Rock-A-Chaws Show Great Power Against Strong Panther Squad, and Destroy Winning Streak

Last Saturday night, in one of the most colorful gridiron battles ever fought on the local field, the Stanislaus Rockachaws romped over the highly advertised Panther squad of St. Aloysius of New Orleans. The final score was 34 to 6.

The Rockachaws opened the game by kicking off to the Panthers who fumbled on their own twenty-yard line. On the first play for the Rocks, Garriga took the ball in a long run over for the first touchdown of the game. Rogers converted the extra point.

Shortly after, the Panthers tried a long pass. This was intercepted by Cripps, who ran unimpeded to a touchdown. Rogers again kicked the extra point. From here on during the remainder of the half it was straight football, with the pigskin going up and down the field in a series of punts, by which each team tried to maneuver for a break off to keep the ball in foreign territory.

Not long after the commencement of the second half the ball passed into the hands of the Rocks. Then began a series of passes and runs until the ball was brought down again in striking distance. Another perfectly executed end run brought another tally. Rogers supplied the extra point by a well directed kick. After this there followed a period of fumbles and sluggish playing, both teams being driven back to their own goal lines. In one instance, Aloysius in trying to kick out from behind their own lines let the Rocks drift in and the punt was smothered and recovered for a fourth touchdown. Rogers kicked the extra point.

In the fourth quarter Aloysius made a desperate bid for a score by advancing into Rockachaw territory thru an intercepted pass and some slashing line bucks. The Rocks' held for three consecutive downs on their three yard line, but on the last down the Panthers shoved across their lone score of the evening. The try for the extra point was unsuccessful.

The Panthers then kicked off to the Rockachaws who proceeded to work the ball down to within 35 yards of the goal line. Then Garriga faded back and heaved a long pass to Gorchow, who appeared from nowhere and crossed the line standing up. Rogers missed for the first time in the evening. Final score, 34-6.

In winning this game the Rockachaws proved themselves worthy of the Red and Black. They placed themselves in the running for the championship of the Coast.

### SPAGHETTI SUPPER SATURDAY

The Altar Society of Our Lady of the Gulf Church will have a rummage sale commencing Monday, October 14 on R. R. avenue next to Bay Furniture Company.

## ANNUAL SUM FOR LIBRARY

Allotted by County—More Books Contributed—Splendid Work

The Hancock E. R. A. County Library has been allotted the sum of \$120 a year on the Hancock County Budget. It is hoped that through private and civic contributions to the library fund, it will be possible to maintain it in its present popular form despite the possible withdrawal of federal moneys from its support.

Several splendid contributions of books have been received from the following sources:

Mrs. J. Boardman, 30 volumes. Mr. and Mrs. George Pitcher, 20 volumes.

Clover Nook Home For the Blind, at Cincinnati, 12 volumes.

Contributions of magazines and journals have been received from Mrs. Hayes of Gray Castle, Pass Christian, and Mrs. Renshaw and Mrs. Goldman of Bay St. Louis.

At the October meeting of the Review of the Month Club, Mrs. Charles Mitchell was the Current Event speaker, and gave a simple but delightfully arranged outline of significant happenings in the news.

The book review of the morning was an account of Rachael Field's novel, Time Out of Mind, subtly and appreciatively delivered by Miss Effie Graham Power.

At the November meeting of the club Mrs. C. C. McDonald will review Catherine, Portrait Of An Empress.

Mrs. Cora Martin, E. R. A. librarian from Flat Top, Miss., was a guest of the Board of Managers for the day.

## P. T. A. Meeting Held at Central School Auditorium Tuesday

The regular meeting of the Bay Central P. T. A. was held at the school Tuesday, October 8th. The meeting opened with a song. A prayer by Mrs. Cy Shipp followed.

Mrs. Leo Seal, president, gave a most interesting report of the State convention held in Jackson, the past week.

The members enjoyed a splendid talk on Public Health, by Dr. Cy Shipp, county health officer. His accurate record of disease among the county school children was most enlightening.

Mrs. Robert Mitchell, newly appointed radio chairman, announced that the National P. T. A. broadcast will be on the air every Wednesday afternoon at one thirty. Those interested may meet at the school each week to listen in on this special program.

Those interested in subscribing to the Parent-Teacher Magazine should get in touch with Mrs. Harold Weston, publicity chairman. The magazine is one dollar a year.

Mrs. Briscoe Goldman read the President's message "A Tribute To Jane Adams."

The first and third grades had the same number of Mothers present so were both given a prize, as no prize was awarded the first meeting of the year.

After the social hour was held in the home economic room, the sixth grade mothers, Mrs. Albert Beihl and Mrs. W. S. Speer, assisted by Miss Gertrude Perkins were in charge.

## MEETING OF ST. JOSEPH'S PARENTS CLUB HELD FRIDAY

S. J. A. Parents Club held their second meeting of this session Friday afternoon at 3 P. M. with a splendid attendance. Their drive for new members is on, and the parents of every child attending is asked to join in order to do their bit in the splendid work this club performs.

A number of children were helped with the purchase of school books and necessities to enable them to attend school and catechism.

The officers serving for the ensuing year are: Mrs. Theo Tudary, president; Mrs. G. F. Stevenson, vice-president; Mrs. Tobani, secretary and Mrs. C. A. Gordon, treasurer.

Aside from the continuous help given children, the club intends for its Fall program to sponsor the renovating and conditioning of the tent.

S. J. A. Parents Club has been of material assistance to both the children and faculty of the Academy, and every paid in membership to the club is your bit towards helping the children.

## MAN INJURED IN ACCIDENT AT PASS TAKEN TO N. O.

Alfred Gill Must Undergo Amputation of Arm, Physicians Say

Alfred Gill, 47, of 1011 Orleans street, New Orleans, who suffered multiple fractures of the left arm Saturday night shortly after six o'clock, in a crash between his automobile, a coupe, and a truck on the beach front, just west of Pass Christian, was taken to the King's Daughters Hospital at Gulfport, for treatment and Sunday was taken to New Orleans, where physicians said amputation of the arm will be necessary.

Mr. Gill was accompanied by Mrs. Oscar Green, of this city, a relative, who suffered minor injuries and severe shock in the accident.

Mrs. Green left the hospital at Bay St. Louis Sunday and returned to her home here.

The cause of the accident could not be ascertained, but both the truck and car were badly damaged.

## DR. JOHN SCHIRO RETURNS FROM ITALIAN TOUR

Former Resident of Bay St. Louis—Nephew of Mr. August Schiro

Dr. John Schiro, 3800 Banks street, New Orleans, returned Saturday from a three-month tour of Italy, awarded him for outstanding work as president of the Junior Virgilian society, composed of Tulane, Loyola and Newcomb students of Italian extraction.

"I had an audience with the Pope, and heard Mussolini give a funeral oration on the occasion of the crash of seven Italian aviators," Dr. Schiro said. "Florence and Turin I liked best of all."

Other cities visited were Genoa, Milan, Pisa, Rome, Naples, the Isle of Capri, Palermo, where he met relatives; Sicily and other islands.

Conditions there seem to be good, labor, food and clothing cheap, roads and travel accommodations excellent, Dr. Schiro said.

Dr. Schiro will be remembered as a nephew of our townsmen Mr. August Schiro, with whom he made his home while attending St. Stanislaus College from which institution he graduated with honors.

## P. T. A. Birthday Week October 13-20 Proclaimed by Governor

October 19 is the birthday of the Mississippi Congress of Parent-Teachers. By proclamation of Governor Connor, Oct. 13-20, has been designated Parent Teacher Week. Each of the 277 organized P. T. A's in the State will celebrate the State birthday during the week. Each local association during this time will send a birthday gift to the state office.

The various local associations of Hancock county will jointly celebrate this event, according to Mrs. L. Jacobs, county chairman. Plans for the celebration have not yet been completed.

The Mississippi Congress is a branch of the National Congress of Parents and Teachers, which was organized in 1897 as the National Congress of Mothers. The field work has expanded thru strength of membership to meet more fully the needs of children and young people thru out the nation. At present the membership of the National Congress is approximately 2,000,000 in the United States, Hawaii and Alaska.

Any interested adult may become a member of the National P. T. A. and of the state branch by becoming a member of a local association. Each congress unit plans programs and activities to meet the needs of children in the community. The gift which each Mississippi local is sending to the state congress this week is used to defray the expenses of the State Congress and brings back to the locals helps for programs and activities in local work.

## Oscar Green Found Dead At Place of Duty

Oscar Green, aged 55 years, and native of Lakeshire, employee of the L. & N. R. Co. at the Pearl River bridge, was found dead Tuesday afternoon.

Mr. Green suffered an attack of apoplexy and is supposed to have fallen from the bridge.

Remains were taken to the home of his parents, Mr. and Mrs. Chas. Green at Lakeshire, with funeral from that place Thursday at 4 P. M. Deceased is survived by his wife, his parents and seven children.

## BOYSCOUT DRIVE FOR FUNDS TO BE HELD BEGINNING THIS WEEK

## ADULT EDUCATION WORKS

Mrs. Ethel Hart, Principal Teacher to Visit—Dates To Be Announced.

An advance notice has been received from Mrs. Ethel Hart, principal teacher for Adult Education in this county, stating that she will visit the different towns of the county on dates to be announced later.

Mrs. Hart commenting on the plans for increasing adult education in the counties of the State said:

Adults, if you have an excuse to offer your children other than the one, "If I had had your opportunity when I was your age, I would not be doing what I am today," get ready to use it for no longer can you say that you had no opportunity to acquire an education.

If we are to overcome the depression, we must have wise leadership and higher intellectual standards. Our leaders are controlled by the general intelligence of the people. We shall not be able to select leaders who will rebuild wisely and efficiently for a permanent recovery unless we, as a people, find new interests and extend our scope of learning. The government realizing this and finding from the experiments of educators that adults can learn whatever they care to learn, is spending millions of dollars on adult education.

For four weeks a hundred people assembled at Millsaps College in Jackson for the purpose of getting instructions for carrying on an Adult Education Program in the State next session. Every county and several city units were represented.

The state educators were assisted in the teaching by seven additional specialists.

At the training school 38 unit courses were constructed. It is the plan to use these courses in the adult teaching program the ensuing session. Although the adult education program has been in operation two years, it is the plan of the authorities to make this work more extensive and more efficient during the coming year.

During the first year 26,000 illiterates were taught to read and write, and during the second 100,000 adults received instruction including 35,000 in literacy work. It is the plan as set forth at the training school to offer a more systematic and definite course to adults of all types. Courses similar to those offered last year will be given this session, namely: music, art, home economics, literacy, agriculture, dramatics, language, social science, and mathematics. Teaching a person to read and write is only a small portion of the field that will be covered. Courses will be offered to all who wish to continue their education.

Mississippi ranked among the highest last session in the work, but the plans for the coming session will surpass anything yet done in this line.

The following teachers have been appointed by Supt. of Education A. S. McQueen as teachers for the Adult Education work in this county:

Mrs. Fred Wright, Bay St. Louis; Mrs. Katherine Giering, Bay St. Louis; Miss Ethel Spiers, Nacaise; Mrs. Niolet (Saul), Dadeaux; Weldon Ladner, Fenton; and Juanita Thompson (colored) Bay St. Louis.

## Rev. Charles Liles To Assist at Christ Church Starting This Sunday

The Rev. Charles Liles has been placed in Bay St. Louis as the assistant to the Rev. Girault Jones in the work of the Episcopal Church at Bay St. Louis and in Pass Christian. Rev. and Mrs. Liles will reside at the Tulane Apartments.

On next Sunday, the service at Christ Church will be in charge of Rev. Liles who will also preach the sermon. Services begin at 9:30 A. M.

The annual drive for funds to finance Scouting in Bay St. Louis is officially under way, it was announced by A. G. Favre, Chairman of the 1935 drive. Mr. Favre will be assisted by Edward I. Jones as vice-chairman.

Bay St. Louis has a membership of 60 in the Scout organization here, with 20 respective members in the near future.

The Bay has three units: two troops, Troop 217, sponsored by the Catholic Church, John Scafield, Scoutmaster and Fred Fayard, Assistant, and Troop 208, sponsored by the American Legion, Capt. J. W. Peairs, Scoutmaster and Ed. I. Jones as assistant. The Ba also has a cub pack, for boys from 9 to 11 years of age, with Roland Weston as Clubmaster. All in all, Bay St. Louis has a character building program for boys from 9 to 18 years of age.

The drive committee plans to use the same method of solicitation this year as last, that of dividing the city into districts, each in charge of a captain. The citizens will be asked to increase their contributions where possible as the need for funds to finance the program here is urgent.

When Mr. and Mrs. American Citizen read the facts about crime in the United States, they begin to realize the necessity of a strong character building program in their community.

The facts are these:

1. 55 per cent of arrests are of persons under 30 years of age.

2. The average age of the criminal population is 23 years.

3. The largest age group is 19 years.

The average age of hold-up men at Sing Sing is 19 years.

If you readers will digest the above facts you will give freely to support a program designed to obliterate crime.

Capt. John A. Stege, Chicago's famous police expert says: "I seldom run into an educated crook. Rarely one with a bona fide college education. And in the 23 years I've been a police officer, I have never arrested a Boy Scout."

Another appalling fact is the amount of America's two bills, one is for education and the other, for crime.

Total expenditures for education, \$2,964,073,024.00.

Annual crime bill, \$12,000,000,000.00.

What are you going to do about it? There is only one answer. Give your normal and financial support to America, which has for its solemn purpose the making of a man of character out of your boys or those of your community.

## COUNTY FARM AGENT ANNOUNCES SYRUP CONTEST FOR COUNTY

J. A. Bozeman, County Farm Agent, wishes to advise the farmers that a syrup adjustment program is now ready to be offered to those who produce sugar cane for syrup. Any farmer who has sold 200 gallons or better from his 1934 crop is entitled to sign a contract.

From this program you will receive from your 1934 crop a bonus of 10c per gallon on all syrup over 100 gallons provided you sold 200 gallons, or more from your 1934 crop.

Call by the County Agent's office for further information about this syrup program.

## Delegates Appointed To Attend National Catholic Women's Meeting

Delegates were appointed to attend the annual convention on Oct. 19, 20, 21 at Columbus, Miss., of the National Council of Catholic Women.

At least three ladies were appointed from the coast towns to attend. At the regular monthly meeting of the council on September 30 at Pass Christian, the following officers were elected:

District President, Mrs. Van Cloosery; vice president, Mrs. J. C. Livredge of Pass Christian, vice president, Mrs. Schmidt of Long Beach; secretary-treasurer, Mrs. C. A. Gordon of Bay St. Louis; for the whole district Mrs. J. C. Clancy as vice president at Bay St. Louis.

Mrs. Gordon has appointed the following: Mrs. George Stevenson as publicity chairman, activity chair-lady, Mrs. Claude Monti; hospitality chair-lady, Mrs. G. Y. Blaize.

## WHAT WE CALL A BIG BLAST

THE Honorable George Barton Cutten is president of Colgate University and, as such, might be supposed to be one of the wise boys of his time.

Just now the brother is worried about social legislation which he proclaims, will save the feeble-minded "as well as other unfit" and invite the "fit to join the ranks of the unfit." Imagine students having to listen to that without having a fit.

Dr. Cutten, so we are advised, believes in letting nature take its course, is against democracy and advocates longer working hours because underwork is a menace to civilization.

Moreover the doctors have curbed nature's checks which provide immunity to diseases by eliminating those who contract the diseases, and the educator sees a "protected" rather than a "resistant" race.

We follow the eminent gentleman's thoughts no further. Things are certainly worse than we thought and we had an idea that, after the depression, they were in what one might call bad shape. Roughly, however, we fancy that human beings are all wrong or else the doctor has made a big mistake out loud.

## REVIVING HUMAN BEINGS

THE revival of human beings after "incomplete death" will be attempted by a new institute being organized in Russia under the direction of Dr. S. S. Brunkhneko, who has experimented with reviving animals.

Incomplete death is defined as death in an accident where vital organs are intact and the Russian has perfected an artificial heart to keep blood circulating until the heart renews its work. He says the mechanism must be applied within forty minutes to revive an animal and presumably, a person.

People who may be inclined to laugh at the proposed institute might remember that artificial respiration snatches many people from the grave. Without its aid some of our living would be entirely dead instead of enjoying life after an experience that might certainly be classed as "incomplete death."

## P. T. A. MEMBERSHIPS

THE regular annual meeting of the State Parent Teachers Association held in Jackson a few days ago was well attended from all sections of the State, and was one of the very best held anywhere during the last several years. About half of the local organizations showed a great increase in membership.

In every school there should be such an organization, for it can be of great service in many ways. We are hoping that every school in the state will increase its P. T. A. membership during the present session.

Bay St. Louis was well represented at the convention with eight members of the local organization in attendance, headed by Mrs. C. C. McDonald, State president.

## OCTOBER DAYS

THE poet wrote, the melancholy days are here, the saddest of the year; but we of the Mississippi Gulf Coast cannot subscribe to that sentiment. Our fall days, in a measure are the gladdest days of the year.

Days that are comfortably cool, tempered with a flood of ingratiating sunshine, add to the joy of living. No where else compares with such climate.

We who are privileged to live on the Coast will appreciate the season rich in beauty, matchless in comparison and incomparable in such wealth of natural beauty.

Surely, this is the land of the Heart's Desire.

## SUPPOSING

YOU have heard the story of the four little boys, who played marbles, until one youngster won all the marbles. The other three got together and played with something else and the marbles were useless.

The United States has nearly half of the world's supply of gold, and more of the yellow metal is coming here every day. What if? Suppose the other nations get along without gold, using something else for their game of commerce. The idea isn't fantastic and it might succeed and then what would we do with our gold?

## WHAT FIRE PREVENTION MEANS TO YOU

FIRE Prevention Week, which was observed during this week (October 6 to 12), makes it worthwhile to meditate on what fire prevention means to you as an individual, a taxpayer, a homeowner and worker.

Fire prevention saves lives—yours and your loved ones. Thousands of people are now cremated each year—because someone was careless.

Fire prevention is the friend of the home. Without it, your home may be turned to ashes—and insurance can never replace the many intangible values each home represents. Money cannot compensate for everything.

Fire prevention tends to keep taxes down. Each time a fire destroys taxpaying property, this removing it from the tax rolls, higher taxes must be paid by all other property within the community.

Fire prevention keeps insurance rates down. Over a period of years, the rate for each locality is based upon fire loss—many fires mean high rates.

Fire prevention is the friend of employment. When a fire destroys a business, jobs are lost, and thousands of dollars in purchasing power is lost with them. Untold privation and misery can result.

Fire prevention means progressive towns and cities. Cases are on record where a single fire, destroying a town's main industry, has resulted in permanent retrogression, at the expense of property and all other values in the community.

Prevent fire—and save lives and money. Do your part and help all.

## WHAT MIGHT HAPPEN

WHETHER one admires General Hugh S. Johnson or approves what he says give him credit for facing facts as he talks.

The other day he urged business and industry to cope with the unemployment problem, which he says will not be adequately handled by WPA's "demoralizing process." The only way out, says he, is normal private employment at decent wages under proper conditions in useful work.

To an audience in New York City, where there are 1,300,000 persons dependent upon relief, he declared that to cut off relief would mean "riot, rebellion or revolution" within two weeks. Moreover, he asserted that "neither you nor I nor any other able-bodied specimen of the genus homo would sit around and see his family starve to death for the sake of the public peace."

What would happen? "He would put a short section of lead pipe in his pocket and go out and get it where it was to be got." Just now the "ugly problem" is out of sight but the Federal government can't go on "pouring out \$5,000,000,000 a year in soothing syrup to keep the unemployment imp from raising hell all over this nation."

Strong words, perhaps, but in our opinion justified. The government that permits its people to starve will not last any longer than it will take the people to get together and destroy it. The opportunity must be offered able-bodied persons to work for their living and the care of their families. If private enterprise, embodied in huge business undertakings, cannot do this then the nation expects its government to do it.

## WHO OWES YOU A LIVING?

MILLIONS of people are being educated in our country today to believe that someone owes them a living. The laws of nature do not seem to recognize this doctrine.

Just go out into primitive country and see who owes you a living—you will soon find that your existence depends on your ingenuity and initiative.

Governments were organized to go nature one better and make it a little easier to live and to take care of the helpless whom nature would otherwise unceremoniously remove.

But today millions of perfectly healthy, able-bodied people are being taught to loaf at the expense of the savings of others, instead of to hustle for themselves.

Such a system can endure only so long as there are stored-up savings to confiscate, then the inexorable laws of nature will prevail.

An epidemic of pests completely devours a tree or a field of grain, and then the pests die. Nature does not owe them a living.

The same thing can happen to governments and to the human beings who make the governments—if they eat up their capital to maintain idleness, they will eventually find that nature refuses to hear their demands that "someone owes them a living."

This may not be a pleasant-sounding philosophy, but it is a fact which honey-coated political cure-alls try to hide.

## NO FORCED SALUTES TO THE FLAG

READERS of The Echo are probably aware of the crisis recently precipitated in Lynn, Massachusetts, when Carlton Nichols, aged 8, refused to salute the American flag as required, every five school days, of every student.

The law, it seems, which insists upon this compulsory salute says that teachers and students must also sing "America" once in the school week and provides a \$5 fine for each failure.

When the boy, on religious grounds, refused to salute the flag there was quite a stir among school officials who did not know whether they could expel him or not because of a state law requiring every child to attend school.

For our part we have no sympathy with any law that requires a salute to the flag. We have no understanding of the logic that expects patriotism and love of country to develop from such a forced obeisance, or from any other form of compulsion.

When the day dawns that any American is compelled to salute the flag of his country, except because he wishes to pay tribute to the ideals for which it is an honored symbol, then the Stars and Stripes should be furled and, in its place, there should be raised a banner of tyranny and fear.

## WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

### SIMPLE SPEECH

(Jackson News)

NEARLY all human noises are made with the mouth, and all noise is waste.

It is not the exploding sound of a big gun that kills soldiers on the battlefield. It is the shot and shrapnel within the shell.

We often meet with people who we regard as too talkative—folks who utter a large number of words, but say nothing. Especially is this true of men and women who use slang or profane words. Such language is due to limited vocabularies. They do not know how to express themselves in clear, thoughtful, comprehensive English.

People who talk too much do not inspire your confidence. Rather, you regard them with suspicion or dislike.

If you are seeking for an example of the power of silence, look at the sun. It is the controlling force of the world, yet it makes no noise, moves swiftly, silently and accurately in its orbit, yet it is the most powerful force of which mankind has actual knowledge.

The greatest utterances from the lips of men have been framed in the simplest language.

The Sermon on the Mount, regarded by Bible scholars as the greatest utterance in the Book of Books, is admired, not only because of its great moral lessons, but also because of its simplicity.

Lincoln's speech at Gettysburg, is classed as a moral oration because of the brevity and terseness of its language.

Addison was the greatest master of English speech because he never used a long word when a short one would serve the same purpose. And when Addison finished a subject he ceased to write.

Woodrow Wilson's messages to Congress go down in history as masterpieces because our war president used only simple Saxon speech.

The great men of the world, since the dawn of time, have not wasted words. They did not speak or write unless they had something to say.

### MULTI-TOLD TALES

THE Daily Times Leader of West Point again repeats that old, old story of the necessity of patronizing home merchants.

"Every local citizen," avers this publication, "should buy everything at home that is possible. Dollars sent away by money orders, or checks, seldom get back into home circulation. Every man and woman, working for a living . . . depends upon the money kept at home for pay-day prosperity."

But men and women are very foolish; so long as they get their own living they seldom think of those upon whom that living depends. This tale about the thoughtlessness or selfishness of folk ought to be repeated daily, but probably if it should be not a single dent would be made in community selfishness and people then as now would continue to buy away from home even when they can patronize their own merchants, get more for their money, save on their purchases and at the same time like the Boy Scout "do a good turn."

### BILOXI OYSTERS

(Jackson Daily News)

THE editor of the Biloxi News is quite too enthusiastic. He says that oysters the size of a man's hand, dozens of them in a cluster, are being taken from the reefs in Back Bay.

What would you do with an oyster the size of a man's hand—or a woman's hand—if you had it?

No human gullet is sufficiently capacious to swallow such an oyster.

However, come on with another delightful yarn.

Why not a story to the effect that mullets and spade fish have taken on the size of whales?

say, and they were first confident in their own minds that it was worth saying. They did not use words merely to make a noise, or to attract attention.

Great things are said in simplest sort of way.

## INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

THE preview of Max Reinhardt's celluloid version of "A Midsummer Night's Dream" came up to every promise Warner Brothers had made about it. It has adhered strictly to the original Shakespeare, is a picture of rare beauty, and superb music. Whether it will prove a hit at the box offices of the country remains to be seen.

Because the legality of their marriage in Mexico was questioned Esther Muir and Sam Coslow, song writer, went before the parson again in Hollywood.

For the past year, Shirley Temple has been studying French with her tutor and has become so proficient that Twentieth Century-Fox plans to make a French version of "The Little Rebel," with Shirley delivering her own lines. She is said to be tremendously popular with the movie fans in France.

The gap left in Hollywood by the tragic death of Will Rogers is proving difficult to fill. Some of the studios, are planning on exploiting other type of character to take his place, while Metro is said to have "signed" a Rogers "double." It is not likely, however, that this will prove successful as the public is not likely to accept a double.

Joan Crawford will have four leading men in her next picture for Metro, "The Gorgeous Hussy," originally intended for Jean Harlow.

"Colleen" will be produced by

Warner Brothers as one of its major musical productions for the 1935-36 season.

George Arliss' next film for Gaumont-British will be "The Kind of Mr. Reeder." It will be "Glorious" and will have Dick Powell in the principal male role.

Frank Borzage will direct Marion Davies in her next film for Cosmopolitan. It will be "Glorious" and will have Dick Powell in the principal male role.

Anita Louise who had the part of Titania in "A Midsummer Night's Dream," is to appear in the Warner Brothers production of Harvey Allen's "Anthony Adverse." Fredric March is said to have been selected for the leading role.

Paramount plans a screen version of the Broadway hit, "Anything Goes." Among those tentatively selected for the cast are Charles Ruggles, Bing Crosby, Ethel Merman and Bennie Bartlett, 7-year-old actor, who has recently been given a contract.

Lily Pons, Metropolitan Opera singer, has just finished work on her first motion picture, "I Dream Too Much," for RKO-Radio.

Eddie Cantor's next for Samuel Goldwyn is "Shoot the Chutes," which is in production, with Ethel Merman, Sally Eilers, "Parky-akars" and Helen Lowell in the supporting cast.

## Quick Relief for Chills and Fever

and Other Effects of Malaria!

Don't put up with the suffering of Malaria—the teeth-chattering chills and the burning fever. Get rid of Malaria by getting the infection out of your system. That's what Grove's Tasteless Chill Tonic does. Destroys and drives out the infection. At the same time, it builds up your system against further attack.

Grove's Tasteless Chill Tonic contains tasteless quinine which kills the infection in the blood. It also contains iron which builds up the blood and helps it overcome the effects of Malaria as well as fortify against re-infection. These are the effects you want for COMPLETE relief. Grove's Tasteless Chill Tonic is pleasant to take and absolutely safe, even for children. No bitter taste of quinine. Get a bottle today and be forearmed against Malaria. For sale at all drug stores. Now two sizes—50c and \$1. The \$1 size contains 2½ times as much as the 50c size and gives you 2½ more for your money.

## File Will of Late Luther H. Barksdale

The will of Luther H. Barksdale, who died September 29, at Asheville, N. C., was filed for probate in the chancery court at Gulfport Saturday and Mrs. Barksdale is named as sole beneficiary and executrix. The will was executed in April, 1927, and leaves all the Barksdale property both real and personal to Mrs. Barksdale and designates her as executrix of the estate.

In accordance with the provisions of the will, Chancellor D. M. Russell designated Mrs. Barksdale as executrix and fixed \$10,000 as the amount of her bond. The court named W. A. Barksdale, Clyde Lundy, Leroy James as appraisers of the estate.

Mrs. Wimberly Resigns  
From Bilbo Staff

Mrs. Lula Wimberly, long associated in secretarial duties with Senator Bilbo (D. Miss.) announces her resignation and retirement from politics.

She has accepted a position with the Census Bureau of the Commerce Department at Philadelphia, Pa., and will assume her new work Monday, leaving Washington.

Mrs. Wimberly had been secretary to Bilbo while he served as governor of Mississippi and had played an active part in his senatorial campaign. She served as secretary the past year, Bilbo's first in the Senate.

Mrs. Virginia Simmerman of the Senator's office will succeed Mrs. Wimberly pending appointment of a new secretary by Senator Bilbo who now is in Mississippi.

Beauvoir Gray Line  
Fast Thinning Out

The "long thin lines of gray" are thinning and only 28 of the thousands of Mississippians who answered the call of the Confederacy in 1861 responded to the roll call at the 1935 annual reunion which was held a few days ago.

The reunion is being held at the Beauvoir Soldiers' Home, last home of Jefferson Davis, only president of the Confederacy and "chief-tain" of those who wore the gray.

Of the 28 veterans on hand for the reunion 16 are residents of Beauvoir, the home which the sons of Confederate veterans and the State of Mississippi have furnished for the remaining veterans, wives and widows of Confederate veterans.

—Mr. and Mrs. Fortune Jaubert and family of New Orleans, who have enjoyed the summer and early fall season at their newly-purchased home on the Waveland Beach Front have returned to their home in New Orleans for the winter, planning to return for occasional week-end visits.

—Mr. and Mrs. Horace L. Kergosien has been a daily visitor to Gulfport for the past two weeks or more for treatment by a dental surgeon for an infected jaw bone, which he has suffered much pain, accompanied by temperature. However, he is improved and the treatment by specialist is successful.

—The Charles Hamilton new home on Waveland front is rapidly progressing. It will be one of the finer homes on the beach front. John Beuhler is contractor. Bay Plumbing Company, A. D. Benvenuti has the contract for the extensive and up-to-date equipment, which includes three fully-equipped bath rooms, etc.

—Mrs. W. L. Bourgeois returned home last Saturday from Hot Springs, Ark., where she spent three weeks in successful quest from rheumatic discomfort and reports her stay at the popular resort one of general interest and pleasure. She has resumed the management of The Answer, of which she is proprietress and manager.

—News of the death of Captain J. B. Dumestre, who died at his home in New Orleans, Friday, was received with much sorrow by his friends at the Bay. Capt. Dumestre was among the first graduates from St. Stanislaus College, and never lost his love for his Alma Mater. He was a frequent business visitor here where he was familiarly known as El Captain.

—Mrs. D. H. McNeil of Shreveport, La., spent a few days here during the week, she is a charming conversationalist, and woman of rare intelligence and wide culture. She is well versed in the political and economic conditions of her state. She is also interested in Mississippi, having two brothers who are prominently known in the Delta where they own and operate large plantations.

—Pasqual Lutzi, former resident of Bay St. Louis for many years, a member of the City Council at one time, was a recent visitor to Bay St. Louis renewing acquaintances and mingling with the friends of other days. Extremely advanced in years, save for impaired sight, he is wonderfully preserved and enjoys his usual alert mind and general health. He makes his home in Biloxi, living with his step-children at the family home.

—A (7-pound) second son, (Joseph Laurent) was born to Mr. and Mrs. Joseph R. Schaff, at Touros Infirmary, at New Orleans, the latter part of last week, both mother and child doing exceptionally well. Mrs. Schaff and the newborn plan to return home possibly next week.

—Mrs. Schaff, president Rotary Club and well-known local business man, has been receiving congratulations and good wishes ever since the blessed event occurred.

## RESUME WORK

The Senate committee investigating the public utility fight against the holding company bill will resume sessions this month. Extensive questionnaires have been sent out and latest figures show more than \$2,000,000 expended by the lobby.

## CODES?

Incidentally, the President has indicated that if industry demonstrates an ability to control chiselers and to operate voluntarily on standard set by the codes, he will not resort to revenue code legislation.

SEASONS AND BAG  
LIMITS GIVEN TO  
LOCAL HUNTERSDirector Kimball Gives Out  
Information Regarding  
Hunting Regulations

In giving a resume of the fall hunting seasons for hunting game birds and animals, Director Hunter Kimball of the State Game and Fish Commission wishes to call attention to an amendment in the dove season. Notice was received from the Federal authorities of this change in a telegram to Mr. Kimball from W. C. Henderson, Acting Chief, of the Bureau of Biological Survey, which read as follows: "Dove season amended by Federal Regulations to September twenty one to October five and November twenty to Jan. thirty one."

The new amendment on the dove season allows dove sportsmen a longer time for hunting this bird in January, however, special notice should be given to the fact that this season is split, closing on October 5 and remaining closed until November 20.

Bag limit on doves this season is 20 in one day, and shooting hours are from 7 a. m. to sunset. May not be taken with guns holding more than 3 shells and no bating allowed.

For the information of sportsmen, seasons and bag limits are given below:

QUAIL—December 10—Feb. 20—12 in one day.

TURKEY—April 1—20. 1 gobler per season. Hens not to be killed. Open season in Central and Southern Supreme Court Districts. Closed season in Northern Supreme Court District.

DUCKS, GEESSE, BRANT—Nov. 20—Dec. 19. Ducks 10 per day in aggregate of all kinds. Geese and brant—4 per day in aggregate of all kinds. Possession limit—no more than daily bag limit. No open season on woodcock, buffed duck, ruddy duck, snow geese, Ross Goose and swans. May not be taken with guns holding more than 3 shells, and no bating or live decoys allowed.

RAILS (Except Coot) September 1—Nov. 30. Rails 15 per day, in aggregate of all kinds; Sora, 25 per day.

WOODCOCK—Dec. 1—31. Four daily.

COOT and SNIPE—Nov. 20—Dec. 19. 15 of each daily.

SQUIRRELS—Oct. 1—Dec. 31—8 daily, possession 24.

OPOSSUMS—Oct. 1—Jan. 31—May be taken with dogs between October 1 and Dec. 1 for food, only. May be trapped or otherwise taken for fur, only between Dec. 1—Jan. 31.

RABBITS—Nov. 20—Jan. 31—10 in any one day. Also may be hunted by licensed hunters with sticks and dogs but without gun, throughout the year.

FOX—Open Year Around. Season is closed from Mar. 1 to Oct. 1 in Wilkinson, Franklin and Amite counties; and from Mar. 1 to Sept. 1 in Copiah, Covington, Jeff Davis, Kemper, Lauderdale, Lawrence, Neshoba, Newton, Pike, Simpson and Smith. May be taken with hounds only.

Licenses should be secured from Sheriff's offices, and from local State Game Wardens.

Message From Supt. of  
Education A. S. McQueen

Realizing that we must all work together to do everything possible to aid the government in overcoming the economic crisis thru which we are passing, and knowing that if we are to find and fill our places in the richer and fuller life in the world we are rebuilding, we must have new views and interests, and that the only way by which these can be acquired is through further education of our people, I want to assure the teachers of Adult Education that my teachers and I will do everything possible, and cooperate with you at all times in helping you make a success of the Adult Education Program.

How Calotabs Help Nature  
To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

SCOUT  
ACTIVITIES

The Boy Scout Troop 217 gave a party including the girl scouts who were also invited. Everyone enjoyed themselves very much. Games were played, the game of the clock, Pincopillson, and last but not least was an amateur contest, which was won by Leanne Arceneaux, who impersonated Mae West. The refreshments which were handled by W. Gordon, J. Colson and R. Glynn, consisted of punch, cake and sandwiches. There was plenty for all.

Mrs. Goldman and her troop before departing thanked the Boy Scouts for inviting them and for the lovely evening.

The Boy Scouts of Troop 217 invite you to attend their court of Honor, which will be held the last part of the month.

W. GORDON, Scribe.

THE FOOTBALL LIGHTS  
AN APPRECIATION

With several games played under the lights of the Stanislaus Stadium, the people of Bay St. Louis have had opportunity of judging of their worth. It may be easily surmised that the judgment of all will heartily approve of them and give due praise to him who was instrumental in bringing them about.

Walter J. Gex, Jr., an Alumnus of St. Stanislaus, and a former athlete in all the College sports, football, baseball, and track, has been one of the most consistent supporters and backers of the College activities especially athletics. Whenever he could do something to promote these activities he was in the forefront.

Several years ago when Grady Perkins was coach, he and Mr. Ansley of the Mississippi Power Company, perfected plans to install the lights on the College green. Due to lack of finances, this project was never taken up. This year the plans were revived but the same difficulty was brought forth. Then Mr. Gex offered to bear the expense of installation and his generous offer was accepted. He bore the full load of the cost, and the College wishes to express to him its appreciation of this great service, not only to the College but also to the town.

For the improved College field is indeed an asset to the town, because, although the field is under the exclusive control of the College authorities, yet the local Public Schools may have the use of it whenever they wish to have it.

The City Commissioners co-operated with the College in its approach to the Power Company and in the final arrangements. Grady Perkins, who first visioned those lights for the field gave generously of his time to supervise the erection of the poles and installation of the lights. To them also, the College wishes to extend its appreciation and thanks.

To one and to all, who co-operated in this great improvement thanks and all good wishes are extended.

Giant Cypress Trees  
Planted at Long Grave

Tall Italian cypress trees were planted around the grave of Senator Huey P. Long.

Three fine specimens of the unusual type of cypress were placed at each corner of the decorative quadrangular area in the center of a sunken garden in front of the towering statehouse where the senator lies buried in a subsurface crypt.

Within the quadrangle, shrubs of graded height were placed, providing foliage sloping downward toward the grave.

Gilman McConnell, superintendent of the statehouse and surrounding grounds, said the trees and shrubs were intended to relieve the bareness of the area immediately around the crypt.
